WHAT IS NCBC?

Overview
The Building Commissioning Association (BCA) and its annual conference, the National Conference on Building Commissioning (NCBC), are where the commissioning profession comes together to share solutions that produce high performance all the way from the designer’s drawing board to the building operator’s automated dashboard. NCBC is recognized as North America’s oldest and most respected building commissioning conference. Together, BCA and NCBC lead the industry in technical, standards and market-focused education for commissioning professionals, owners, designers, constructors, building managers and program managers, and improving commercial building performance across North America.

Who should exhibit
As an exhibitor at NCBC 2014 in Hartford, Connecticut, May 19-21, 2014, you will have an excellent opportunity to network, showcase your offering and build relationships with a diverse membership that is focused on whole building commissioning.

This single-day Exhibitor Show is scheduled for Day One, when exhibition attendance, enthusiasm and focus are high. As a result, exhibitors can attend the conference and continue to develop relationships. We limit the size of the show so attendees don’t feel rushed, and you have more time for conversations that lead to brand recognition, new relationships, and sales.

By exhibiting at NCBC 2014, you can:

- Link your URL on the exhibitor page and receive a direct link to your products and services
- Leverage potential relationships before the conference even begins
- Create or maintain your visibility and brand image
- Arrange meetings with new and key customers
- Demonstrate your product capabilities
- Conduct competitive, customer and industry research
- Introduce new products or test market your new concept
- Get on-the-spot customer feedback
- Meet with channel partners
- Capture leads and write orders

What is included in your booth package?

- Exhibit space
- Company listed in on-site official guide
- Three exhibit personnel badges per 100 square feet of exhibit space
- Booth amenities: 8’ back drape and 3’ side drapes, booth identification sign
