<b>About the Authors</b> . . . . .	<b>XIII</b>
<b>Acknowledgments</b> . . . . .	<b>XV</b>
<b>Preface</b> . . . . .	<b>XVII</b>
<b>Introduction: How to Use This Handbook</b> . . . . .	<b>XIX</b>
<b>Chapter 1: Overview</b> . . . . .	<b>1</b>
<b>What Is Commissioning?</b> . . . . .	<b>1</b>
<b>Why Is Commissioning Necessary?</b> . . . . .	<b>2</b>
<b>Types of Commissioning</b> . . . . .	<b>2</b>
New Construction Commissioning . . . . .	<b>2</b>
Existing Building Commissioning . . . . .	<b>3</b>
Ongoing Commissioning . . . . .	<b>3</b>
Building Enclosure Commissioning . . . . .	<b>3</b>
<b>Quality Approach</b> . . . . .	<b>3</b>
<b>The Future of Commissioning</b> . . . . .	<b>4</b>
People . . . . .	<b>4</b>
Integrated Practices—New Construction Commissioning . . . . .	<b>4</b>
Value-Added Cx Practices . . . . .	<b>5</b>
Policies . . . . .	<b>5</b>
<b>Commissioning Drivers: Codes, Standards, Guidelines, and Rating Systems</b> . . . . .	<b>6</b>
<b>Chapter 2: Benefits and Costs of Commissioning</b> . . . . .	<b>7</b>
<b>Overview: Commissioning Benefits and Costs</b> . . . . .	<b>7</b>
What Constitutes Commissioning Value? . . . . .	<b>7</b>
What Are Commissioning Costs? . . . . .	<b>8</b>
Cost Estimating . . . . .	<b>9</b>
How Commissioning Costs and Benefits Are Quantified . . . . .	<b>10</b>
<b>Economic and Noneconomic Benefits</b> . . . . .	<b>12</b>
Project Phase Benefits . . . . .	<b>13</b>

**Commissioning Budget Considerations** ..... 17  
     New Construction and Existing Buildings Specifics..... 18  
     Special Considerations for Ongoing Commissioning ..... 21  
     Savings Verification for Existing Building Cx ..... 22  
**Case Studies** ..... 22  
     University Residence Hall (new construction)..... 22  
     University Facilities Energy Savings (existing buildings)..... 24  
**A Word about Contracts** ..... 25  
**Conclusion** ..... 25

**Chapter 3: New Construction Commissioning ..... 27**

**Overview: New Construction Commissioning (NCx)** ..... 27  
     Background ..... 27  
     Commissioning Process Summary..... 27  
     Systems Commissioned ..... 28  
**Commissioning Team and Management Approaches** ..... 29  
     Commissioning Team ..... 29  
     Commissioning Team Roles..... 30  
     CxP Role Approaches..... 37  
**Predesign Phase** ..... 41  
     Overview..... 41  
     Commissioning Team—Predesign Phase..... 42  
     Predesign Activities ..... 42  
**Design Phase** ..... 50  
     Overview..... 50  
     Commissioning Team—Design Phase..... 50  
     Design Phase Activities ..... 51  
**Construction Phase** ..... 72  
     Overview..... 72  
     Commissioning Team—Construction Phase ..... 74  
     General Process Concepts ..... 74  
     Construction Phase Commissioning Activities ..... 78  
**Occupancy Phase** ..... 108  
     Overview and Objectives..... 108  
     Commissioning Team—Occupancy Phase..... 108  
     Occupancy and Operations Activities ..... 108

## Chapter 4: Existing Building Commissioning . . . . . 113

- Overview: Existing Building Commissioning (EBCx)** . . . . . 113
  - What Is EBCx? . . . . . 114
  - Why Do EBCx? . . . . . 115
  - How is EBCx Different from New Construction Cx? . . . . . 116
  - Who’s Involved in EBCx? . . . . . 118
  - EBCx Costs and Benefits . . . . . 118
- Types of EBCx** . . . . . 118
  - Definitions . . . . . 118
  - EBCx Scope and Methodology . . . . . 119
- EBCx Process** . . . . . 121
  - Planning Phase . . . . . 123
  - Initial Assessment Phase . . . . . 132
  - Investigation Phase . . . . . 146
  - Implementation Phase . . . . . 157
  - Handoff Phase . . . . . 160

## Chapter 5: Ongoing Commissioning . . . . . 169

- Overview: Ongoing Commissioning (OCx)** . . . . . 169
- Approaches and Methods** . . . . . 172
  - Monitoring-Based Commissioning (MBCx) . . . . . 172
  - Manual OCx . . . . . 175
  - Additional Elements of OCx . . . . . 176
- Planning** . . . . . 176
  - Set Organizational Goals . . . . . 177
  - Form OCx Team . . . . . 180
  - Screen Candidate Buildings and Systems . . . . . 182
- MBCx Process** . . . . . 186
  - Planning Phase . . . . . 187
  - Initialization . . . . . 195
  - Implementation (Ongoing Phase) . . . . . 203
  - Realization . . . . . 208
  - Periodic Activities . . . . . 209
- Manual OCx Process** . . . . . 210
  - Overview . . . . . 210
  - Planning . . . . . 210
  - Manual OCx Preparation . . . . . 212
  - Manual OCx Implementation (Ongoing Phase) . . . . . 217
- Special Issues for Owners** . . . . . 218

Scaling OCx for Small Buildings and Projects ..... 218  
Getting Started: OCx Pilot Projects ..... 219  
**Additional Resources for Ongoing Commissioning** ..... 220

**Chapter 6: Building Enclosure  
Commissioning ..... 223**

**Overview: Building Enclosure Commissioning (BECx)** ..... 223  
**What Is the Building Enclosure?** ..... 223  
**Why Commission the Building Enclosure?** ..... 225  
    Mitigate Contractual Risk ..... 225  
    Prevent Indoor Environmental Quality Problems..... 226  
    Support Energy Performance ..... 227  
    Enhance Security and Resiliency..... 227  
    Improve O&M ..... 228  
    Meet Regulatory or Program Requirements ..... 228  
    Investigate/Validate Air Tightness ..... 228  
**BECx Standards and Guidelines**..... 228  
**BECx Requirements in Sustainability Rating Systems**..... 229  
**What to Look For in a BECx Provider**..... 230  
**BECx Process**..... 232  
    Predesign ..... 234  
    Design Phase..... 234  
    Construction Phase ..... 237  
    Occupancy and Operation..... 243  
**Payback of BECx** ..... 244

**Index ..... 359**

*Note: Appendices are numbered in relation to their corresponding chapter.*

**Appendix 1-1: How to Hire a Commissioning Team . . . . . 245**

**Appendix 1-2: Additional Resources and References . . . . . 265**

**Appendix 3-1: Task Lists for All Parties . . . . . 271**

**Appendix 3-2: OPR Sample Outline . . . . . 283**

**Appendix 3-3: Example Cx OPR . . . . . 285**

**Appendix 3-4: Design Review Topics and Scopes . . . . . 289**

**Appendix 3-5: Special Specification Issues and Recommended Language . . . . . 295**

**Appendix 3-6: Commissioning Specification Detail . . . . . 307**

**Appendix 3-7: Functional Testing Methods 311**

**Appendix 3-8: Commissioning Plan—Construction-Occupancy Table of Contents 315**

**Appendix 3-9: Check and Testing Responsibility Table—Construction Phase . 319**

**Appendix 3-10: Sample Air Handling Unit Construction Checklist . . . . . 325**

**Appendix 3-11: Sample Functional Test (excerpt) . . . . . 331**

**Appendix 3-12: Sample Kickoff Meeting  
Agenda . . . . . 341**

**Appendix 3-13: Training Agenda,  
Completion Record & Evaluation (Generic) 343**

**Appendix 4-1: Sample EBCx Findings Log . 347**

**Appendix 5-1: Example Recalibration and  
Retesting Frequencies for Manual OCx. . . . 349**

**Appendix 5-2: Example Fault Detection  
Rules and Logic . . . . . 353**

**Diagram: New Construction  
Commissioning Process . . . . . foldout**

## Chapter 2: Benefits and Costs of Commissioning . . . . . 7

Figure 2-1. Cost Factors in Scope of Commissioning . . . . . 10

Figure 2-2. Examples of Findings and Issues for University Residence Hall (Construction Phase excerpts) . . . . . 23

Figure 2-3. Summary of Figure 2-2 University Residence Hall Costs and Savings . . . . . 23

Figure 2-4. Energy Savings Resulting from Existing Building Commissioning . . . . . 24

## Chapter 3: New Construction Commissioning . . . . . 27

Figure 3-1. Cx Team Members by Phase . . . . . 30

Figure 3-2 OPR Development and Use . . . . . 45

Figure 3-3. Conventional and Commissioning Activity Flow Chart—Predesign through Design . . . . . 52

Figure 3-4. Commissioning Roles and Responsibilities during Design . . . . . 53

Figure 3-5. Progression of OPR and BOD Documentation . . . . . 57

Figure 3-6. Commissioning and Related Specifications Sections . . . . . 67

Figure 3-7. Construction Phase Commissioning Summary . . . . . 73

Figure 3-8. Excerpt from Check and Testing Responsibility Table . . . . . 75

Figure 3-10. Sample Commissioning Issues Log . . . . . 84

Figure 3-11. Written Work Products . . . . . 107

## Chapter 4: Existing Building Commissioning . . . . . 113

Figure 4-1. Commissioning of Existing Buildings Types and Methods Matrix . . . . . 121

Figure 4-2. EBCx Process Steps by Phase . . . . . 122

Figure 4-3. EBCx Building Selection Criteria . . . . . 124

Figure 4-4. Utilizing 15-Minute kW Interval Data for Daily Load Profiling (ECAM) . . . . . 136

Figure 4-5. kW by Time-of-Day and Day-Type Load Profile (ECAM) . . . . . 137

Figure 4-6. Task Tracking by Equipment . . . . . 143

Figure 4-7. Trend Diagnostic Graph . . . . . 149

Figure 4-7. System Flow Diagram . . . . . 167

## Chapter 5: Ongoing Commissioning . . . . . 169

Figure 5-1. Building Operating Cost over Time—A Comparison of EBCx and OCx. . . . . 170

Figure 5-2. Typical Function of an EMIS . . . . . 172

Figure 5-3. Costs of an Ongoing Commissioning Program. . . . . 178

Figure 5-4. OCx Cost Benefits . . . . . 179

Figure 5-5. Key Inputs to Financial Analysis of OCx Savings . . . . . 180

Figure 5-6. Example Cash Flow for Savings due to OCx . . . . . 180

Figure 5-7. Example Cash Flow for Savings due to OCx . . . . . 180

Figure 5-8. Benchmark by Building Function. . . . . 184

Figure 5-9. Screening Criteria for OCx . . . . . 186

Figure 5-10. Phases of MBCx. . . . . 187

Figure 5-11. Additional Screening Criteria for an MBCx Approach . . . . . 188

Figure 5-12. MBCx Data Requirements by Intended Use . . . . . 193

Figure 5-13. Matrix to Evaluate Potential Data Sources . . . . . 194

Figure 5-14. Categories and Specific Items for Technology Specification . . . . . 197

Figure 5-15. Example Graphical Display of Energy Performance Indicators. . . . . 200

Figure 5-16. Example Tracked Performance Indicators for CFR Criteria . . . . . 201

Figure 5-17. Use of EMIS Functions in an MBCx Program. . . . . 204

Figure 5-18. Examples of Unsatisfactory and Improved Log Descriptions. . . . . 205

Figure 5-19. Documentation Updates. . . . . 207

Figure 5-20. Calibration and Retesting Frequency Format. . . . . 213

Figure 5-21. Trend Graph Indicating a Sensor Problem . . . . . 215

Figure 5-22. Sample Monthly Energy Bill Analysis. . . . . 216

Figure 5-23. Manual OCx Activity Plan . . . . . 217

## Chapter 6: Building Enclosure Commissioning . . . . . 223

Figure 6-1. The Building Enclosure and Its Functions . . . . . 224

Figure 6-2. Impacts of Building Air Tightness . . . . . 228

Figure 6-3. BECx Standards and Guidelines. . . . . 229

Figure 6-4. Fundamental Test Requirements—Building Enclosure Commissioning . . . . 240

Figure 6-5. Enhanced Test Requirements—Building Enclosure Commissioning . . . . . 241
