The Future...

Mark Miller, PE, CCP
Principal - Strategic Building Solutions, LLC
The BCA mission is to guide the building commissioning industry through advancing best practices, education and promoting the benefits of building commissioning.
Strategic Goals

• Provide and promote education and training
• Promotion of the industry to members and other stakeholders
• Development of and advancing Best Practices
• Support for our Chapters
• Advocate for the Certification Program
Education and Training

- Create a strong education and training program for Cx Authorities
- Support chapter education event
- Improve member awareness of education opportunities
- Educate ancillary partners such as: owners, architects, contractors
Industry Promotion

- Foster chapter outreach activities
- Increase credibility and visibility of BCA and our products and services
- Create Relationships with key liaison groups
Best Practices

- Ongoing review and update of best practices
- Update or redevelop Cx handbook
- Develop EBCx best practices manual
- Develop NCx best practices manual
- Develop templates and checklists
Support for Chapters

• Providing chapters with quality training materials
• Development of a strong speakers bureau
• Continual updating of the Chapter Handbook.
• Helping new chapters develop – we added three in the last year – Texas, California and Western Canada. Russia?
Certification

- Increase the value of the certification program to the industry.
- Adding relevant training
- Developing new certification where appropriate
- Creating partnerships with others
Questions?
