## **BCA President's Award Honors Jonathan Vaughan**

*President McMullen presents award at BCA Annual Event in Busch Stadium*

Portland, ORE, June 2, 2015– The Building Commissioning Association this year honored Jonathan Vaughan of Page/Commissioning with the President's Award for service to the Association and the commissioning industry. Jonathan has volunteered tirelessly to help build the Association and ultimately the professional building community.

The President's Award is announced each year at the BCA's Annual Meeting and Dinner in conjunction with its annual National Conference on Building Commissioning. This year the meeting was held in Busch Stadium – home of the St. Louis Cardinals. Greeted with handshakes from Team BCA in baseball uniforms (aka BCA International Board of Directors), BCA members and non-members were treated to dinner on the field at twilight with a presentation of the BCA's Annual Report and baseball facts rotating across the Cardinals' Scoreboard.

BCA President Bill McMullen presented the 2015 President's Award to Jonathan Vaughan. "The BCA is fortunate to have many outstanding volunteers. We honor Jonathan this year for his service to the Association, for helping to developing new Chapters in the Southwest and dedication to the Professional Development Committee, not to mention his years as an inspirational member of the International Board of Directors. Jonathan's commitment to the commissioning profession, to our members, and most significantly to the BCA mission makes him a true leader," said Bill McMullen, BCA President.

### **About BCA**

The Building Commissioning Association is dedicated to maximizing the value of building commissioning to the built environment and its stakeholders. The BCA helps create, promote and provide leadership and education on current and evolving best practices in building commissioning for building owners, operators, designers, constructors and commissioning providers.
