The Building Commissioning Association is a Registered Provider with The American Institute of Architects Continuing Education Systems (AIA/CES). Credit(s) earned on completion of this program will be reported to AIA/CES for AIA members. Certificates of the Completion for both AIA members and non-AIA members are available upon request.

This program is registered with AIA/CES for continuing professional education. As such, it does not include content that may be deemed or construed to be an approval or endorsement by the AIA of any material of construction or any method or manner of handling, using, distributing, or dealing in any material or product.

Questions related to specific materials, methods, and services will be addressed at the conclusion of this presentation.
Learning Objectives

• Retell how to start the conversation with your customers about Existing Building Commissioning (EBCx) Ongoing Commissioning (OCx) or Monitoring Based Commissioning (MBCx) and remaining engaged throughout and after the project is complete.

• Describe how to mitigate RCx, OCx and MBCx challenges such as requesting budget for projects that can be described in economic payback, but not visualized or quantified until the customer has already committed to project participation.

• Share different ways to help clients save more energy and costs.

• Describe different perspectives on the future of energy efficiency and its impact on reducing operating costs, increasing comfort, and improving the environment.
